RSSDI ACCREDITED CONTINUING MEDICAL EDUCATION PROGRAM

Primary care physicians are invited for a post CME self assessment patterned after similar programs of IMA College of General Practitioners, IMA Academy of Medical Specialities (DSC) and the AKN Sinha Institute of Continuing Medical Education, IMA.

Clinicians with MB BS qualification after attending 100 hours of the RSSDI accredited CME programs wishing to attend the post CME self-evaluation in December 1999 in the School of Diabetology, Hyderabad may please write to the Honorary Secretary.

Self evaluation program also includes submission of 20 detailed case records with 2 IDDM and 2 GDM cases in the long case format as prepared for examinations in the teaching hospitals. In addition, investigations, treatment given and follow-up should also be briefed. These records are to be neatly typed on A4 size white papers and spiral bound, and submitted at the time of self-evaluation program of the Accreditation.

Accreditation is an attendance and self evaluation system of the continuing medical education activity for primary care physicians. It is not equivalent to a Certificate, Diploma or Degree awarded by the Universities, and it does not confer any academic qualification or distinction on a clinician.

Following clinicians have participated in 100 hours of RSSDI accredited CME programs, submitted prescribed case records and attended post CME self assessment program between 1996 and 1998.
