

REGISTRY OF CHILDHOOD DIABETES AT HYDERABAD

B.K. Sahay

Osmania Medical College, Hyderabad

A Registry of Childhood Diabetes was opened at the Diabetic Clinic of the College of General Practitioners' Hyderabad in 1989.

Requests were sent to all Physicians and Paediatricians involved in Diabetic care and also the 3 Major hospitals i.e. Osmania

General Hospital, Gandhi Hospital and the Niloufer Hospital to inform about the newly detected cases of IDDM as per the prescribed proforma.

The experiences of Childhood Diabetes Registry will be discussed.
